Flying Insect Traps

Food establishments are easily infested by pests due to the presence of food sources and numerous harbourage places. A pest infestation in a food establishment may lead to contamination by foreign matter and/or pathogenic microbes carried by pests pausing a major food safety concern that requires to be safely and efficiently controlled.

We added the safest and most efficient Insect Light Traps to our line of products to save you from the hassle of looking.

They are designed to trap insects by adhesive to eliminate the risk of dead insects or insect fragments falling onto exposed food or equipment.

To keep the devices effective, all consumables (Glue boardand UV light bulbs) are also available.

Luralite® Cento, 18 watt

A compact and discreet solution, Luralite® Cento is ideal for front of house areas, including bars, cafes and restaurants.

Features
- Ideal for front of house applications
- Simple glueboard and tube replacement
- High efficacy UV tubes
- Designed for use with Glupac® glueboards with UV stabilizer
- Robust Construction
- Independently tested and certified to RoHS and relevant European standards
- Tubes: 1 x TPX18
- Glueboard: 1 x INL118
- Suggested area coverage: 25m2

Item Code	Color
SP-ZL011	White
SP-ZL013	Silver

Luralite® Cento Glueboards

Item Code	SP-INL118

- Pack size:6 glueboards
- Glueboard colour: Yellow
- Recommended effective life: 4-5 weeks
- Board material: Card

Philips - 18 watt, Compact

Item Code	SP-TPX18

- Box quantity:10 tubes per box
- Recommended effective life: 8000 hours
- Wavelength: 368nm

Luralite Pro, 30 Watt

Developed as a highly effective but discreet solution for insect control, Luralite® Professional is ideal for use in restaurants, bars, cafes and other front of house applications.

Features
- Ideal for front of house applications
- Simple glueboard and tube replacement
- High efficacy UV tubes
- Designed for use with Glupac® glueboards with UV stabiliser
- Robust Construction
- Independently tested and certified to RoHS and relevant European standards
- Tubes: 2 x TPX15-18

- Wavelength: 368nm

PlusZap, 30 watt

The second generation PlusZap™ range offers a contemporary aesthetic combined with high specification features, creating a stylish killing grid range ideal for commercial environments.

Item Code	SP-ZE122

Features
- The PlusZap range is available in a range of white, stainless steel or aluminium finish with a choice of 16W or 30W models.
- Modern detailing makes the unit ideal for customer-facing areas
- Staggered tubes create efficient light output, whilst the killing grid offers an effective catch area with easier servicing
- Mains interlocked catch tray is simple to remove for quick and safe maintenance, with anti-blow out folds
- Tool free tube removal for a quick and simple service
- Flexible mounting options for wall, desk or ceiling suspension
- Independently tested and certified to RoHS and all relevant European standards

PlusLamp - 15 watt, 18"

Item Code	SP-TVX15-18R

- Retail ready
- Blue UV lamps
- Recommended effective life: 8000 hours
- Wavelength: 368nm

Genus® Liberator™

Designed for areas with heavy insect activity, the Genus® Liberator is powerful and reliable.

Item Code	Description	Dimension
SP-LSC415S-XXX	Stainless Catcher 4 x 15 W lamp standard	462mm x 490mm x 170mm (18.3in x 19.3in x 6.7in)
SP-LSC415"-2-XXX	Stainless Catcher 4 x 15 W lamp sleeved	462mm x 490mm x 170mm (18.3in x 19.3in x 6.7in)
SP-LWK415-2-XXX	Stainless Killer 4 x 15 W lamp standard	462mm x 490mm x 170mm (18.3in x 19.3in x 6.7in)
SP-LSK415S-2-XXX	Stainless Killer 4 x 15 W lamp sleeved	462mm x 490mm x 170mm (18.3in x 19.3in x 6.7in)

Features
- Equipped with external front and back hinging grills that minimise service downtime.
- Tool-free, fast and easy maintenance
- Splash-proof IP45-rated option for wash-down areas
- Two options: a high voltage unit or glue board unit
- Can be mounted on the wall or suspended from the ceiling

Genus® Cobra

The Genus® Cobra is the first insect light trap to utilise Brandenburg's Translucent Technology™, which enables it to catch more flies faster while using less electricity.
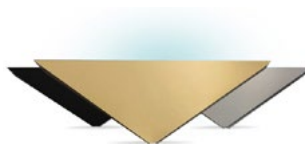

▶ **Genus® Cobra**

Item Code	Description	Dimension
SP-CT315-01-02-XXX	Translucent 3 x 15 W lamp standard	344mm x 528mm x 128mm (13.5ins x 21.3ins x 5.0in)
SP-CT315-01-02S-XXX	Translucent 3 x 15 W lamp sleeved	344mm x 528mm x 128mm (13.5ins x 21.3ins x 5.0in)

Features
- Premium insect light trap optimised for greater UV light propagation
- Maximised UVA output, along with easy servicing and low running costs, have made the Genus Cobra a reliable standard in the insect control industry.

Item Code	SP-SC18W UV-A PBULB

Flex-trap 45

With its revolutionary design, the Flex-trap 45 is recommended for use in homes, offices, shops and restaurants.
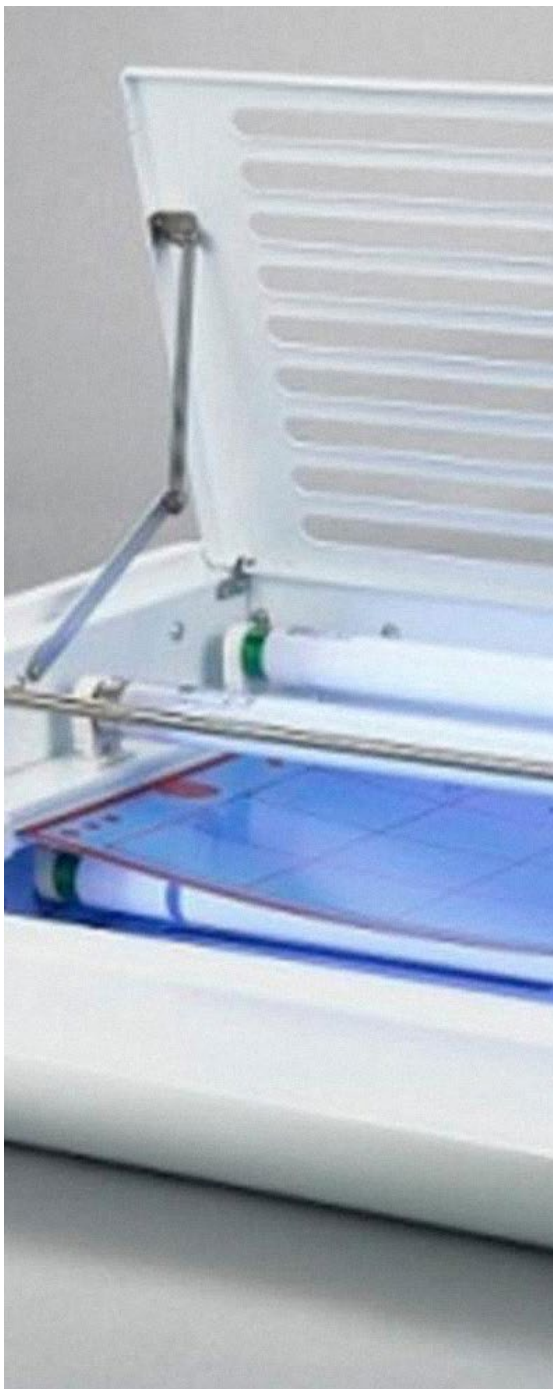

Item Code	SP-Flex-trap 45

Features
• The unit can be used in 10 different mounting positions including on the wall, ceiling or free standing.
• Up to 4 units can be linked together by means of an optional interlink cable.
• Glue board discreetly placed behind the lamp.
• The Philips Longlife lamp is specifically designed to match the fly's vision spectrum with the lamp's output, for optimum attracting power.
• Effective coverage of areas up to 45 m2.
• Easy to service with direct access to lamp, board and starter.
• Meets ISO 9001 / RoHS & the CE standard. Unit is HACCP compliant.
• 30% improved performance over conventional units due to its unique attraction grid, which reflects the light onto the landing spot thereby stimulating the landing behaviour of flying insects.
• Special brackets available, for different mounting locations.
• 2 year full guarantee on mechanical aspects.

Glue Board I Trap 120E

Item Code	Pack
SP-AL-001DBL	Pack of 10

Features
- The unit can be mounted onto the wall.
- The transparent front grid offers discretion and improved efficacy.
- Glueboard discreetly placed behind the lamp.
- UV-A lamps [Fluorescent]
- In close partnership with Philips, Alcochem Hygiene has developed a range of powerful UV-A lamps, used for insect trap applications: the Long-life UV-A lamps.
- i-trap 50B – High powered effective UV-A lamp.
- GLUEBOARDS : Insects are caught on a glue layer, which preserves them over time. The caught insects can be counted and insect species can be analysed, which offers clear advantages in an IPM approach.

Phillips 15 Watt UV-A Long Life

Item Code	
	SP-SC15W UV-A PBULB

Features
- The unit can be mounted onto the wall or onto the ceiling.
- Effective coverage of areas up to 120 m2
- Effective & proven design
- Energy saving UV-A LED technology offers up to 298 kW of savings per unit per year. (comparing to the unit with fluorescent lamps)
- 3 year lifespan (25.000 hrs) of the UV-A LED lamp
- The aluminium housing offers a light but strong body, easy to handle.
- Fast and simple maintenance of the unit.
- Glue board placed discreetly behind the lamp, which offers optimized performance
- 2 years of guarantee on unit
